The Orange County Community Foundation will host Love Is, a giving day on Feb. 12 to support healthy teen relationships in the county. Held during Teen Dating Violence Awareness Month, the fundraiser is the latest in a series of collaborative giving days launched by OCCF to boost the capacity of nonprofits through collective giving. The seven Giving Days held throughout 2018 raised \$1.4 million to benefit local organizations.

The money raised will go to seven area nonprofits, including Orange County Women's Health Project, Human Options, Waymakers, LGBT Center OC, Women's Transitional Living Center, Planned Parenthood of Orange & San Bernardino Counties and Laura's House.
