Bao Quang Temple

Know before you go

We are pleased to present a guided tour of the Bao Quang Temple as part of the OCCF Family Foundation Alliance September Luncheon. During this portion of the day, you will have the opportunity to share tea with the Head Abbot, Most Venerable Thich Thong Hai, view a private collection of timeless artifacts, and visit the sacred temple and gardens. We invite everyone to immerse themselves in this experience to whatever extent they are comfortable. Wonder and curiosity are encouraged!

The Private Collection

Guests will be divided into smaller groups and take turns touring the collection with the Abbot. Please note that visiting the artifacts does require the use of stairs and the space may feel confined for some. If needed, guests may remain in the gardens during this time.

The Sacred Temple

Guests will be requested to remove their shoes before entering this sacred space. The scent of incense inside the temple can be strong, so guests who are sensitive to fragrance may wish to explore the gardens further instead.

Lunch

After this immersive experience, we will enjoy lunch and a spirited panel discussion with esteemed Vietnamese community leaders at Brodard Chateau in Garden Grove.
